

Press Release:

The Gulf Chapter of the American Association of Clinical Endocrinologist announces the First Clinical Congress and Gulf Chapter Annual Meeting on Diabetes and Endocrinology

3rd of August, 2013, Abu Dhabi –Under the support of the Dubai Health Authority (DHA), the American Association of Clinical Endocrinologist has announced the First Clinical Congress and Gulf Chapter Annual Meeting on Diabetes and Endocrinology to take place from the 3rd-5th of October, 2013 at the St. Regis Hotel in Abu Dhabi, United Arab Emirates

The Gulf Chapter of the American Association of Clinical Endocrinologists is a professional body of leading physicians specializing in endocrinology, diabetes, metabolism and nutrition committed to enhancing the ability of its members to provide the highest quality of patient care.

Dr. Ahmed Hassoun, President of the Gulf Chapter of AACE and Consultant in Endocrinology, Dubai Diabetes Center at the DHA said: “Education of healthcare professionals is at the forefront on any disease management. With the high prevalence of diabetes and endocrine related diseases, it is important that healthcare professionals have up-to-date knowledge about the newest research, thus that the patients get the most optimal treatment and care. We are pleased to hold a conference of this calibre in the UAE as such conferences help in exchange of state-of-the-art information and are beneficial to the medical society as well as patients.”

The First Clinical Congress and Gulf Chapter Annual Meeting on Diabetes and Endocrinology will convene over three days where high caliber international, regional and national speakers will present the newest updates on diabetes and endocrinology. “We trust that the latest developments of research and studies in the field to be revealed at the congress and will provide the highest quality of standards in education” added Dr. Hassoun.

A team of renowned international and local speakers will be delivering state of the art lectures, conduct ‘meet the expert’ sessions and satellite symposia during the three day conference. An exhibition area will provide healthcare professionals with the latest news and updates from the pharmaceutical industry.

The congress will be the first of its kind in the Middle East and attract participation by more than a thousand healthcare professionals from around the Gulf and MENA region.
